A WORD TO THE PUBLIC

SIX months ago the Chamber of Commerce of Covina planned to organize a band. Word was sent to members who might be interested in band. A meeting was held in Wilson & Goodell's Barber Shop, with an attendance of approximately nine or ten fellows.

The American Legion offered us their pavilion for rehearsing; the band outgrew the pavilion ring, moved to the packing House, and now we are rehearsing in the Coolman Hall on Second and Front.

The band has at present thirty-five members and is still growing. Mr. Berry, our director, has several beginners on the wind instruments who are showing rapid progress so that we have new material coming on to fill vacancies that might occur or to increase our membership and build a stronger membership and organization.

We feel that we have a permanent organization, and while we ask the public for their support, we want the public to feel that this is a community organization to promote good music and boost the town.

Any suggestions, help or support that you give to this organization will be to the benefit of the community through the band, which we hope to show you in our public concerts during the summer.

COVINA CITY BAND,
R. L. POLLARD, Pres.
